

KOMFORT

TOURS & TRAVEL

A digitally-powered travel company built for Kenya's retreats, road trips, transfers, events and corporate & MICE market.

INVESTOR & STRATEGY PITCH — 2026

EXECUTIVE SUMMARY

Comfort, in motion.

Komfort Tours & Travel is a Kenyan tour operator and travel-tech company. We package and run retreats, road trips, hotel/guest transfers, events, and corporate & MICE travel — and we run the whole business through our own online booking, CRM and accounting system, not a stitched-together set of spreadsheets and WhatsApp threads.

500B

KES Kenya tourism revenue in 2025 — the market we are built to serve

Our Vision

To be East Africa's most trusted name in comfortable, well-organised travel — where every trip is booked, paid for, and remembered without friction.

Our Mission

To make premium travel experiences accessible through technology: instant booking, transparent pricing, and dependable service for individuals, groups and corporates.

Kenya's tourism sector is on a genuine upswing.

7.9M

total visitors in 2025 (domestic + international)

9%

growth in international arrivals — more than double the global average

KES 500B

tourism revenue generated in 2025, up from KES 452B in 2024

19%

of international arrivals are business / corporate & MICE travel

Domestic tourism (5.2M travellers) is now a stabilising anchor for the sector, while leisure travel leads demand at 46% of arrivals, followed by social visits (20%) and business travel (19%). Growth is driven by improved air connectivity, visa openness through the new ETA system, and rising confidence in Kenya as a destination.

Why now

- Fragmented booking still runs on calls, walk-ins & WhatsApp
- Corporate & MICE travel is under-served by tech-first operators
- M-Pesa and mobile-first payments make online booking frictionless

THE PROBLEM

Booking a trip in Kenya still feels like work.

Scattered channels

Enquiries land across phone calls, WhatsApp, walk-ins and Instagram DMs with no single record.

No real CRM

Repeat clients, corporate accounts and group bookings are tracked in notebooks or personal memory.

Manual money matters

Invoicing, deposits and reconciliation are done by hand, slowing cash flow and inviting errors.

The result: lost leads, slow follow-up, and a guest experience that undersells Kenya's hospitality.

SERVICES OFFERED

One operator, five ways to travel.

Retreats

Wellness, team & personal retreats at curated coastal and highland venues.

Road Trips

Guided self-drive and chauffeured road trips across Kenya's parks and regions.

Transfers

Airport and hotel guest pickups with real-time tracking and flight-aware scheduling.

Events

Logistics and travel support for weddings, festivals and private celebrations.

Corporate & MICE

End-to-end meetings, incentives, conferences & exhibitions travel management.

All five service lines share one backend: bookings, guests, vehicles, vendors and payments live in a single system.

OUR DIFFERENTIATOR

Built as a tech company that happens to run tours.

Most operators bolt a booking form onto a brochure website. Komfort is designed the other way round — one platform runs bookings, guest relationships and money, and the website is simply its front door.

Online Booking Engine

Real-time availability, instant quotes, and secure checkout (card & M-Pesa) for every service line.

Customer Relationship Management

Every guest, corporate account and lead lives in one profile — history, preferences and follow-ups included.

Basic Accounting System

Invoicing, deposits, expenses and vendor payouts reconciled automatically against each booking.

How the platform is structured.

Pages / Routes

Home · Tours · Retreats · Road Trips · Transfers · Events

Shared Components

Reusable UI: nav, booking widget, package cards, testimonials, forms

Data Layer

Tour packages, destinations, pricing, content — structured & versioned

Styles & Assets

Global design system; images, logos, video in one asset pipeline

Services / API

Booking integrations, payments, CRM & accounting sync, forms

From discovery to departure, in one thread.

One database powers every step — no re-keying data between the website, the office team, and the accounts book.

Five service lines, one set of margins.

Service Line	How it earns	Target Margin
Retreats	Package margin + venue partner commission	25–35%
Road Trips	Vehicle hire markup + guiding fee	20–30%
Transfers	Per-trip fee + subscription for hotel partners	15–25%
Events	Planning & logistics service fee	10–20%
Corporate & MICE	Retainer + per-delegate service fee	20–30%

Plus: platform data (booking patterns, seasonality) feeds smarter pricing and inventory decisions over time.

Marketing & sales strategy.

Digital-first

- SEO-optimised tour & destination pages
- Social content: reels from real trips
- Paid search around peak booking seasons

Partnerships

- Hotels & venues for retreats and transfers
- Corporate HR & events agencies for MICE
- Airlines / travel agents for referral flow

Retention

- CRM-driven re-engagement campaigns
- Loyalty pricing for repeat & corporate clients
- Review capture built into the booking flow

Compliant from day one.

Registration & Licensing

Business name registration, tourism operator license, and sector-specific permits secured before launch.

Tax Registration

KRA PIN, VAT registration and compliant e-invoicing built into the accounting module.

Liability Insurance

Public liability and travel insurance cover for guests, vehicles and third-party venues.

Vendor Network

Vetted drivers, hotels, venues and guides onboarded into the platform as managed partners.

COMPETITIVE LANDSCAPE

Where Komfort sits in the market.

Player	Strength	Gap
Traditional tour operators	Strong local knowledge	Manual booking, no CRM or online payments
Global OTAs (Booking, GetYourGuide)	Reach & brand trust	Generic listings, no MICE or corporate depth
Corporate travel agencies	MICE experience	Weak leisure/retreat offering, dated tech
Komfort Tours & Travel	Full service line-up + owned booking/CRM/accounting platform	New brand — building trust from zero

Projections & funding ask.

Funding Ask

KES 8,000,000

Seed round to build the platform, license the business, and fund Year-1 vehicle & venue partnerships.

Platform build (booking, CRM, accounting)	35%
Licensing, insurance & compliance	10%
Marketing & partnerships launch	25%
Fleet, working capital & operations	30%

Getting from plan to launch.

Phase 1 — Foundation

- Define niche & finalise business plan
- Register business & secure licenses, tax & insurance

Phase 2 — Build

- Design tour packages & pricing
- Build the booking website & CRM/accounting backend

Phase 3 — Launch

- Digital marketing push & partner onboarding
- Open bookings across all five service lines

Phase 4 — Grow

- Deepen strategic partnerships
- Scale via customer service quality & reviews

Let's build comfortable travel, at scale.

Komfort Tours & Travel — Retreats · Road Trips · Transfers · Events · Corporate & MICE
